On 1 February 2021, following approval by the Extraordinary General Meeting of Shareholders of GIGAS held earlier on the same day, the Company completed the purchase of a business customer portfolio, mainly medium-sized and large enterprises in Spain, from MásMóvil Group (the "Portfolio" or the "Business") pursuant to a binding agreement announced in the Inside Information notice published on 31 December 2020.

GIGAS continues to make progress on its strategy of bolstering its position as a relevant and pioneering operator in converging enterprise telecommunications, cloud and security services, strengthening its product offering to become a one stop shop and bringing in more human resources and telecommunications capabilities to enable the launch of OTT (i.e. over the top or use of third-party networks) telecommunications services in other countries.
