RIGHT OF ATTENDANCE AND REPRESENTATION

In accordance with articles 9 and 11 of the General Meeting Regulations, any shareholders appearing on record as shareholders in the corresponding register of book entries five (5) days in advance of the date scheduled for the meeting may attend. This may be evidenced by the pertinent attendance card or certificate issued by one of the legally authorised entities or any other manner permitted by law. Legal person shareholders must accredit sufficient authority evidencing the powers of the natural person through whom they are exercising their right of attendance.

All shareholders entitled to attend a General Meeting may be represented at the General Meeting by another person, who need not be a shareholder. Proxies must be granted in writing or by the remote means of communication specified below, and issued especially for each General Meeting. The latter requirement shall not apply when the proxy holder is the spouse, ascendant or descendant of the principal, nor when the proxy holder has a general power of attorney by virtue of a public document vesting him/her with powers to administer all the assets that the principal owns in national territory. No shareholder may be represented by more than one proxy holder at a General Meeting.

Proxies issued by remote means of communication shall only be valid by post if (i) the attendance card issued by the depository entity is duly signed and completed by the shareholder; or (ii) the attendance card prepared by the Company, also duly signed by the shareholder and accompanied by certification from the depository entity, are mailed to the registered address. Legal person shareholders must also accredit sufficient authority evidencing the powers of the natural person issuing the proxy remotely.

Shareholders with right to attend and vote may cast their vote on any proposals related to agenda items using the following remote communication means:

- a) By post, sending to the Company the attendance card and ballot issued by the entity(s) overseeing the registration of book-entries or the depository entities, duly signed and completed, or by other written means that, in the opinion of the Board of Directors in a prior resolution adopted and published, allows the identity of the shareholder exercising their right to vote to be duly verified.
- b) By other electronic means, attaching an electronic copy of the attendance card and vote, provided the electronic document through which the right to vote is exercised includes a legally recognised electronic signature used by the shareholder intending to vote remotely, or other type of electronic signature considered suitable by the Board of Directors, based on a previous resolution adopted and published, that provides sufficient guarantees of authenticity and identification of the shareholder exercising their right to vote.

To be valid, votes cast by these systems must be received by the Company at least 24 hours before the date scheduled for the General Meeting at first call. The Board of Directors may specify a shorter period for the receipt of remote votes.

Proxies issued by a shareholder before the shareholder casts their remote vote shall be deemed revoked. Those granted after shall be deemed as not

made. Personal attendance to the General Meeting by the shareholder issuing a proxy shall render the proxy void.

Any vote issued through remote means will be invalidated by subsequent and express revocation, within the period established for voting and using the same means for the vote or by attendance to the General Meeting of the shareholder issuing the vote.
